### THURSDAY, OCTOBER 10, 2019

9:00 – 10:15 a.m.	<b>BREAKFAST ADDRESS AND EMERGING ISSUE #1</b> <b>TECHNOLOGY &amp; THE FUTURE OF U.S. NATIONAL SECURITY</b>
-------------------	--

*Technology is a defining variable in the American national security calculus. These tools are not only how modern warfare is fought, but they are increasingly the battlefield itself. How does the United States navigate the tensions between free-market economics and the existential challenge of preventing Chinese cyber-enabled espionage? What are the responsibilities of US companies who are the bleeding-edge of technology innovation in an international system that sees these innovations as offering decisive advantage? In short: how can the United States thrive in an era of technological great power competition?*

Klon Kitchen  
Senior Research Fellow, Technology, National Security, and Science Policy  
The Heritage Foundation

10:15 – 10:30 a.m.      **BREAK**

10:30 a.m. – 12:00 p.m.      **BUDGET SIMULATION & BREAKOUT DISCUSSION**

*Conference participants will participate in a budget simulation game whereby they are divided into teams and tasked with reaching a budget deal and passing a budget resolution for the upcoming fiscal year. Each participant will draw a card from a stack, and each card will detail the team, role, and individual objectives of that participant. Participants will divide into teams, where they will hear from a Heritage expert, or 'Counsel', on the budget process and their respective teams' role in that process. Each team will also elect a participant to serve as 'leadership' for that team. Leadership conducts negotiations and speaks on behalf of the team before a large group.*

*Participants will conduct negotiations within and between teams, attempting to reach a deal despite the conflicting interests of each individual and party. There will be time to negotiate and whip votes between policy sessions and outside of the designated budget simulation sessions. The budget resolution will include the total funding for discretionary spending (302a allocation), the topline numbers for each individual appropriations bill (302b allocations), and policy riders. On the final morning of the trip, participants will vote on the budget resolution. It will pass with a simple majority, and participants cannot filibuster.*

*The driving fuel behind the strength of American families is the free enterprise system. The free market naturally and ceaselessly excels in creating opportunities and prosperity for families in ways that empower them. Government 'family support' programs, on which we spend \$1.2 trillion per year, are inherently inefficient, one-size-fits all, and constantly having to adjust and expand in attempt to meet families' needs.*

**EMERGING ISSUE #3:  
REFRAMING THE FUTURE OF HIGHER EDUCATION**

*Today's higher education system is in crisis. American students are \$1.6 trillion in student loan debt, the majority of students will not finish college in four years, and many drop out without a degree and struggling to pay off debt. Unfortunately, policies from Washington make these problems worse. While many claim that "free" college is the answer, this will only shift the present problems with higher education onto American taxpayers. Only by encouraging competition and innovation in the higher education sector, and reducing funds coming from Washington, can we see true improvements for students and taxpayers.*

#### THURSDAY, OCTOBER 10, 2019

- |                   |  |
|-------------------|--|
| 9:00 – 10:15 a.m. | <b>BREAKFAST ADDRESS AND EMERGING ISSUE #1</b><br><b>TECHNOLOGY &amp; THE FUTURE OF U.S. NATIONAL SECURITY</b> |
|-------------------|--|

*Technology is a defining variable in the American national security calculus. These tools are not only how modern warfare is fought, but they are increasingly the battlefield itself. How does the United States navigate the tensions between free-market economics and the existential challenge of preventing Chinese cyber-enabled espionage? What are the responsibilities of US companies who are the bleeding-edge of technology innovation in an international system that sees these innovations as offering decisive advantage? In short: how can the United States thrive in an era of technological great power competition?*

Klon Kitchen

Senior Research Fellow, Technology, National Security, and Science Policy  
The Heritage Foundation

10:15 – 10:30 a.m. **BREAK**

10:30 a.m. – 12:00 p.m. **BUDGET SIMULATION & BREAKOUT DISCUSSION**

*Conference participants will participate in a budget simulation game whereby they are divided into teams and tasked with reaching a budget deal and passing a budget resolution for the upcoming fiscal year. Each participant will draw a card from a stack, and each card will detail the team, role, and individual objectives of that participant. Participants will divide into teams, where they will hear from a Heritage expert, or 'Counsel', on the budget process and their respective teams' role in that process. Each team will also elect a participant to serve as 'leadership' for that team. Leadership conducts negotiations and speaks on behalf of the team before a large group.*

*Participants will conduct negotiations within and between teams, attempting to reach a deal despite the conflicting interests of each individual and party. There will be time to negotiate and whip votes between policy sessions and outside of the designated budget simulation sessions. The budget resolution will include the total funding for discretionary spending (302a allocation), the topline numbers for each individual appropriations bill (302b allocations), and policy riders. On the final morning of the trip, participants will vote on the budget resolution. It will pass with a simple majority, and participants cannot filibuster.*

Tommy Binion

Vice President, Government Relations  
The Heritage Foundation

12:00 – 12:15 p.m. **BREAK**

12:15 – 2:00 p.m. **LUNCHEON AND KEYNOTE ADDRESS:**

**TWITTER-CRAFT: COMMUNICATIONS IN THE DIGITAL AGE**

*The media has changed the way the public learns issues, understands concepts, forms opinions, and spreads ideas, making effective communication vital in today's increasingly social and digital environment. What are the most effective ways to communicate? How does this change based on the issue being discussed?*

Carrie Severino

Chief Counsel & Policy Director  
Judicial Crisis Network

Rob Bluey

Vice President, Communications, The Heritage Foundation  
Executive Editor, the Daily Signal

2:00 – 3:00 p.m. **BREAK**

3:00 – 4:00 p.m. **EMERGING ISSUE #2:  
THE FREE MARKET & THE FAMILY**

2019 | Emerging Leaders Conference

*The driving fuel behind the strength of American families is the free enterprise system. The free market naturally and ceaselessly excels in creating opportunities and prosperity for families in ways that empower them. Government 'family support' programs, on which we spend \$1.2 trillion per year, are inherently inefficient, one-size-fits all, and constantly having to adjust and expand in attempt to meet families' needs.*

*Research Fellow in Economics, Budget, and Entitlements  
 The Heritage Foundation*

Clarence Carter  
*Director of the Office of Family Assistance  
 Acting Director of the Office of Community Services, Administration for Children & Families

Joel Griffith  
*Research Fellow, Financial Regulations  
 The Heritage Foundation*

4:00 – 4:15 p.m.

**BREAK**

4:15 – 5:15 p.m.

**EMERGING ISSUE #3:  
 REFRAMING THE FUTURE OF HIGHER EDUCATION**

*Today's higher education system is in crisis. American students are \$1.6 trillion in student loan debt, the majority of students will not finish college in four years, and many drop out without a degree and struggling to pay off debt. Unfortunately, policies from Washington make these problems worse. While many claim that "free" college is the answer, this will only shift the present problems with higher education onto American taxpayers. Only by encouraging competition and innovation in the higher education sector, and reducing funds coming from Washington, can we see true improvements for students and taxpayers.*
